

TO RESTRICT EXPENDITURES.

Englebright Would Economize on Reclamation.

Includes Forestry Service, Also, in Two Bills.

Demands Detailed Accounting of Past Sums Spent.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 11.—[Exclusive Dispatch.] Congressmen Englebright would have Congress take steps to curb operations of both the Forestry Service and Reclamation Service.

In common with Congressman Tawney and other members he believes that the vast sums of money now expended almost without check or restraint by several governmental business should be hedged about with greater restrictions. Moreover, he has found it practically fruitless to seek from the Reclamation Service any information about its operations, its resources, income, expenditures, expectations of revenue or the probability of undertaking new projects.

Consequently Englebright introduced today two bills, one being aimed at the Forest Service and the other at the Reclamation Service. The latter limits expenditures by the Secretary of the Interior of the reclamation fund without consent of Congress, forbids examinations and surveys, construction and maintenance or reclamation of arid lands without the consent of Congress. It also requires in addition to reports now made, an annual detailed statement of all receipts by the reclamation fund during the fiscal year, as well as an estimate of the probable receipts for the current fiscal year. The bill also requires a statement regarding deterioration in existing lands and probable cost of restoring them.

The bill relative to the Forest Service provides that hereafter no national forest shall be created nor additions made to ones heretofore created within the limits of the State of California except by act of Congress.

NAVAL INCREASE. PROGRAMME ADOPTED.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Jan. 11.—An increase of the navy to the extent of \$2,000,000 was agreed upon today by the House Committee on Naval Affairs.

The following naval programme for appropriations for the next session was adopted by the committee:

Two battleships of 20,000 tons displacement, \$14,000,000.

Five torpedo-boat destroyers, \$4,000,000.

Three colliers, \$2,000,000.

Four submarines, \$2,000,000.

One sub-surface boat, \$400,000.

Two battleships are recommended by the committee instead of four, as estimated for by the Navy Department.

The estimate for destroyers was cut in half, the Navy Department asking for ten.

An ammunition ship, a repair ship, and two mine-laying ships, estimated for by the Navy Department, were refused by the committee.

The estimates for the three colliers and the four submarine boats were agreed to except that the committee added one sub-surface boat.

CONDITIONS BAD. REFORMS DEMANDED.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Jan. 11.—Sweeping reforms affecting the criminal classes in the District of Columbia are recommended in a report transmitted to Congress by President Roosevelt today by the commission appointed to investigate the subject.

Justice Stafford of the Supreme Court of the District of Columbia is chairman of the commission which is unearthing in its condemnation of the conditions of the Federal jail, the District workhouse and other penal and correctional institutions.

Congress is scored for its failure to provide an adequate jail with a yard for sufficient space for proper exercise.

WILL PROBE SECRET SERVICE. CANNON NAMES COMMITTEE.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Jan. 11.—In pursuance of the resolution unanimously adopted by the house, providing for an investigation into the whole subject of the secret service, Speaker Cannon today announced this committee:

Olmstead, Pennsylvania, chairman; Carey, New Hampshire; Young, Michigan; Bentley, Georgia, and Bowers, Mississippi. The last two are Democrats.

HATCH HETCHY BURE. CONGRESS SATISFIED.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 11.—[Exclusive Dispatch.] Having heard in full the objections of every one who presented himself against granting reservoir rights in Yosemite National Park to San Francisco, Congress is preparing to grant the rights asked for.

Congressman Lacey called at the White House today and received assurance from the President that he was heartily in favor of granting the privileges asked for and would send some one to talk to any doubtful Congressman should it be thought desirable. Secretary of the Interior Garfield and Fore-

stry Service Commissioner Gifford are also in favor of the plan.

PETITION VALID.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 11.—[Exclusive Dispatch.] A petition for a special election to consider disincorporation of the northern part of the town of Refugio, filed in the Second District Court of Appeal yesterday. The case was that of John A. Anderson against George F. Peck and others.

The petitioners sought to compel the Board of Trustees to call a special election. It was claimed that the signers to the San Pedro petition were not qualified voters. Attorney Helms was appointed special referee to determine this point. In his report, the referee states that he was appointed to take testimony relevant to the issues involving the determination of the qualifications as electors of the signers to a petition filed with the Board of Trustees. He finds that the

petition was filed by 544 duly-qualified electors residing within that portion of the city lying west of the channel, exclusive of any residing in the territory proposed to be annexed to Los Angeles.

The finding is based on the great register of voters and the testimony of witnesses. At the last municipal election in San Pedro there were 874 votes, requiring 437 for a majority. It was found then that only one vote was illegal.

As the petition calling for a special election was signed by far more than the necessary number of qualified voters, it appears that the Trustees must issue the call for the election unless they can take further legal steps in the Supreme Court.

The plan of those favoring disincorporation of the northern portion of the city is to afterwards become a part of Los Angeles so this city can control a great harbor frontage.

San Pedro Divorce MUST BE VOTED ON.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 11.—[Exclusive Dispatch.] A petition for a special election to consider disincorporation of the northern part of the town of Refugio, filed in the Second District Court of Appeal yesterday. TEXAS GETS INTO LINE.

Legislature Soon to Consider Anti-Race-Track Gambling Bill.

(BY DIRECT WIRE TO THE TIMES.) AUSTIN (Tex.) Jan. 11.—[Exclusive Dispatch.] When the Legislature meets tomorrow and has completed its organization, Senator Earl B. Mayfield of Meridian will introduce a bill to prohibit betting on horse races at race tracks. Such betting is now prohibited away from race courses in Texas. The State Pastors' Association are behind the reform measure.

Senator Pinchot are heartily in accord with the President's views.

WANTS CONGRESS AUTHORITY FOR IRRIGATION EXPENDITURE.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Jan. 11.—Representative Englebright of California today introduced a bill requiring the Secretary of the Interior to procure the approval of Congress before he can expend any money, after July 1, 1903, for irrigation work for storage, diversion or development of water supply for reclamation of arid and semi-arid lands. Another bill by Mr. Englebright requires like approval before the Secretary can create or add to any national forest within the State of California.

WASHINGTON BRIEFS.

Culberson Resolution Referred.

WASHINGTON, Jan. 11.—The Culberson resolution calling upon the Senate Committee on Judiciary to investigate the authority under which President Roosevelt permitted the absorption of the Tennessee Coal and Iron Company by the United States Steel Corporation, was today referred to a subcommittee.

KEPT SILENT.

WOMAN WITH A HISTORY DEAD.

WIDOW OF INVENTOR DIES AT BROOKLYN HOME.

Told Her Husband Who Was Offered Million by Russia for Secret of Explosive That She Would Rather Beg Than Sell Knowledge to Either Side.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Jan. 11.—[Exclusive Dispatch.] Mrs. Benjamin F. Greenwood, a woman with a history, died today from old age at her home in Brooklyn. In 1872 her husband, Benjamin F. Greenwood, who died on a ship bound for Rio Janeiro, Brazil, in 1875, gave a demonstration of an explosive he had perfected in a vacant lot in Brooklyn, in the presence of some Russian naval officers. They offered him \$1,000,000 for the secret, in the name of their government. He refused to accept the offer, and he wrote her, "I would rather go out on the street, with a basket on my arm and beg, than have you sell this secret to either side. It is too great a responsibility for you to take for any money."

Greenwood agreed with his wife and the secret died with him.

JAILED FOR LIBEL.

Editors of Filipino Daily Sentenced to Six Months and a Heavy Fine.

(ASSOCIATED PRESS DAY REPORT.) MANILA, Jan. 11.—Martin Ocampo and Fidel Reyes, members of the editorial staff of the Filipino daily newspaper, El Renacimiento, were today convicted of libelous nature regarding Dean C. Worcester, one of the Philippine commissioners, and were sentenced to six months each in Bilibid prison in addition to a fine of \$100 each. The cases against the other members of the editorial staff were dismissed at the same time, and the trial of the managing editor of the paper is still in progress.

RECORD BREAKING.

CHICAGO, Jan. 11.—[Exclusive Dispatch.] Officials of the Canadian Pacific think they are going to have one of the biggest seasons of the year for the Far West the coming year in the history of the road. The great Northwest country has had a splendid harvest, which has enriched settlers and served as an incentive to others to go there. This harvest has furnished railroads all the freight they can handle conveniently for the remainder of the year.

The record for western passenger traffic was that of 1906, when the Portland Exposition was in progress. The Canadian Pacific that year carried 122,000 persons to the Pacific coast. The cases against the other members of the editorial staff were dismissed at the same time, and the trial of the managing editor of the paper is still in progress.

THE LEGISLATURE.

(Continued from First Page.)

GAMBLERS LOSE POINT.

COMMITTEE APPOINTED.

SACRAMENTO, Jan. 11.—Speaker
Stanton's selections for the commit-
tee on Public Morals, announced short-
ly after 10 o'clock, when the Assem-
bly convened today, created a furor
when read.To this body will go the bill against
gambling on the race track, and ac-
cording to the speaker's own state-
ment, the personnel of the committee
is representative of the anti-gambling
sentiment in the State, although it
gives fair representation to all inter-
ests.The committee in full is as follows:
Griffiths, chairman; Cattell, Young,
Dean, Perkins, Mott, Fleisher, Menden-
hall, Wilson.The committee in full is as follows:

Wise Talks by the "Office Boy"

"A Home-made Auto."

"It seems odd that people will pay thousands of dollars for an automobile when one can be made very cheaply and easily in the home."

"First take an upright piano, such as can be found in most any flat, and knock it to pieces with an ax. Save the boards very carefully to be used as the bed of the automobile."

"Fasten steel frames securely together for the frame work of your new motor, and get four wheels to place on at each corner. Buy a small gasoline motor engine from your druggie and put it in the back of the car."

"Ask your grocer for a large-sized gasoline can. He will give you one if you have paid for any fat, and knock it to pieces, and even if you haven't he will only charge you a few pennies, which you can have added to your bill, so that it's about a stand-off whether he gives you the gasoline can or charges it. Place the gasoline can in the front part of the machine, stow the tank away."

"Cut a few feet of lead pipe out of the bathroom and connect your gasoline can with the engine. Fit in the stopping and starting levers, and the wheels to guide the machine. Provide a gear and paint a number in the end of the machine; but cushions in the seats and, presto!—you have your automobile at a very little expense and labor."

"If it does not go, take it out of the gear box, and there is no sand in the gear box, put a half bushel of sand in the gear box and you will see how the difficulty is solved."

"Of course you'll need an ax, cap, gloves, kaffi suit or sweater, which cost very little if you chased at one of our stores."

PRESIDENT PULLIAM

NEW YORK, Jan. 11.—[Exclusive Dispatch.] "I hope this will be my last year as president of the National League," said Henry Clay Pulliam upon his return to New York, and the Kentucky colonel made the statement in all sincerity. He is weary of the constant wrangling and personal collisions with persons of importance in the game, but he declares he is organized to see to it that the league would be a relief.

If Pulliam can see where it will profit him to make a change, he will turn in his resignation next fall. It is said that he contemplates taking over the controlling interest of a certain National League club on the eastern end of the circuit and that his interest in league affairs will go no farther than participation as a club president.

Pulliam's administration has been rather a stormy one. He may not always have been right in his contentions, but he had the courage of his convictions and never attempted to straddle issues. He has been criticized here in New York as much as anywhere, but as the seasons roll by the club owners have come to have faith in him and his honesty. But Pulliam has his enemies, and he declares he is disinterested with petty annoyances and concealed daggers.

UNEVEN CONTEST.
In the most unevenly contested basketball game ever played in the South, the second-year girls of Occidental Academy defeated the first-years yesterday afternoon by the score of 44 to 8.

The game was the first in the series for the President Cup. The first-year team, much lighter and smaller than its opponents, was outclassed in all departments of the game, and never had a chance to make a showing.

The line-up:
First Year. Second Year.
Nellie Hamilton forward. Helen Moore
Jeanette Little forward. Irma Baker
Helen Myers center. Emma Shumory
Selie Boring center. Ruth Haskell
Dorothy. Elizabeth
Butterfield guard. Stratton
Grace Modan guard. Ione Stuart
Lillian. Mary. 30 minutes. Goal, La
Miss Moore, 11; Miss Baker, 11. Ref-
eree, Braden.

RANCHMAN'S EARS FAIL HIM.
Doesn't Hear Gong and Is Hit by Car.
Calabasas Visitor Taken to Hospital.

James Thomas, a ranchman from Calabasas, was hit by a car at Bellevue avenue and New High street yesterday morning, and sustained a gash in the left cheek and numerous bruises on the body. He failed to hear the gong.

He was taken to the Receiving Hospital.

UNUSUAL SUIT FOR DAMAGES.
Five thousand dollars' damages are asked for "cross eyes" alleged to have been caused by an accident suffered by Ralph Green, plaintiff in a suit brought against the Edison Electric Company in the United States Circuit Court yesterday. The complaint sets forth that Green was walking along Roylston street, near Second, June 27, 1908, when he came in contact with a live wire. He alleges he was severely shocked and burned. Since the accident, it is alleged, the young man has suffered "cross eyes" and his health has been undermined.

FLINT BILL PASSES.
WASHINGTON, Jan. 11.—[Exclusive Dispatch.] Senator Flint's bill, providing appropriation of \$20,000 to purchase all privately owned lands in Sequoia and Gen. Grant National parks, passed the Senate today.

Congressman Smith was assured by Speaker Cannon today that he would recognize him to call up the Calaveras Big Tree Bill, provided certain minor changes, which Smith conceded, could be made.

TODAY'S ENTRIES.
First term: Chertino F., 104; C. Hart, 105; Hakes, 109; Nutsulga, 109; Seymour, Deutler, 104.

PLAYGROUNDS GAMES HAVE BEEN ARRANGED.

ARRANGEMENTS have been made to hold athletic tryouts for record at each of the City Playgrounds in the afternoon of the last Saturday of each month, and no other contests are to be held on these days.

Special training is to be given the children for these events and preliminary tryouts will be held in order to obtain the best results. It is also planned to have as many participants in the events as possible so that a large number of the youngsters will be benefited by the exercise.

The playground directors and their assistants are to be the judges, and their decisions will be final in all cases. Outside assistants may be used when necessary, but much care is to be taken in selecting them, and they are to be thoroughly informed as to their duties. Care is to be taken in measuring distances, and in taking the time of the races.

On the first day of each month tryouts are to be distributed to the directors of each ground and they are to have the results in the main office by the following Monday, so as to give time to have the entire results posted on each ground by the next Tuesday.

The first of these tryouts is to be held on the afternoon of January 26, and the following official program has been arranged:

Girls' events—Circular basketball pass for juniors, intermediates and seniors. Ten girls will form a circle 20 feet in diameter and the ball passed from one to the other. When the ball has made three rounds, time will be taken. The ring will be divided into ten equal parts, and each thrower must stay in her allotted space.

Basketball throw for goal by individuals, for intermediates and seniors—The contestant stands on free throw line and at the word "go" throws for goal, continuing to throw until the basket is made.

Basketball throw for goal by team, intermediates and seniors—Six players are used in a team, and after the ball is passed to each member the contest continues as in the individual throw, except that each player takes a turn at throwing before time is taken.

Boys' events—Baseball throw for distance. Contestant will be given three tries from a ten-foot ring, and will endeavor to throw the ball farther than his competitors.

Base running for time, touching all bases—The contestant will start at the home base and will touch all bases finishing at the home base.

Baseball throw for time, intermediates and seniors—Contestant will be placed on each base and the ball started from the home base and finish at home. Each thrower must have one foot on the base when the ball is thrown to him, and must have the same foot on the base when he throws to the next player.

Base running for time, touching all bases—The contestant will start at the home base and will touch all bases finishing at the home base.

Baseball throw for time, intermediates and seniors—Contestant will be placed on each base and the ball started from the home base and finish at home. Each thrower must have one foot on the base when the ball is thrown to him, and must have the same foot on the base when he throws to the next player.

TRUNK'S PRESCRIPTION RHEUMATISM

Cannot possibly exist in any form if you will take Trunk's Prescription for Rheumatism and Gout and use the Adepta Liniment, and use them strictly according to the directions.

Inflammatory, Sciatic, Muscular, Lumbago, Gout or any other form of Rheumatism. It is positively absurd, ridiculous and preposterous! It is really a pity and a shame to talk about Rheumatism, much less to suffer with it, when you can get Trunk's Prescription for Rheumatism and Gout for \$1.50.

This prescription does not ruin the Stomach and it does not depress the Heart. It does not contain any Salicylate of Soda, Salicylic Acid, Oil of Wintergreen, Opium, Morphine or Bromides in any form. It cannot harm you, but it will remove Rheumatism in any and all forms.

The Oregon Democrat said he was "not interested in the Illinois man's speech, by adding:

"Who would not have purchased some of that land, or some of the other lands? He went on to describe the lands as containing the best cedar in the world. "I am having just consumed minutes in reading it. Mr. Doer's congratulated by many of the audience for the time he proceeded to lay out the routine business that he ordered all other matters be put off until the next day in the galleries, but the conversation in the large hall, such as to draw the attention of the clerk.

Mr. Keane New Jersey said:

once to retire. The acting convicting Senator Tillman and after many of the senators, he actually com- retired the Senate and said to this proposition, to

Tillman's speech was a charge made against his opponent having secured a fluency as a Senator in order to bring suits against the people. Tillman was able to purchase land in Southern Oregon Consular land. Tillman's construction of a military

and, without aid from any source, and in conceal, brought up the Senate which he need not cover up transactions with the people. Tillman and his correspondents and Watkins, and were the President LIES.

HIS EXPLANATIONS
"In my public work," Tillman, "I have not been active, and I have not been good cause for the

the land business and grower, as reported the swindlers had made of the Senate being duped and

in the Senate for trying to take away the rights of Congress.

[illegible]

In addressing the Senate, he declared that for the first time in the history of the United States, the country was producing more than it was consuming, and which he

ACTIVITY SHOWN IN WHEAT PIT.

GENERAL SELLING AT OPENING, BUT CLOSE IS WEAK.

Bearish Nature of Early News Supports Prices. But Decline Sets in Near End of Session When Weather Conditions in America Become Governing Influence.

Associated Press Night Report: CHICAGO, Jan. 11.—There was a quiet general selling of wheat at the start because of the bearish nature of the early news and initial quotations were unchanged to lower, compared with yesterday's close. World's shipments were larger than had been anticipated, the total movement being 4,800,000 bushels, compared with 4,000,000 bushels the preceding week.

The close in the day weather conditions in this country became the governing influence. The market received little support the final hour and prices declined rapidly, May selling off to 1.45 1/2 and July to 1.45 1/2. The close was weak at almost the bottom.

The corn market was strong early in the day, but reports of increased offerings caused moderate weakness. The market closed steady, with prices unchanged to a shade lower, compared with yesterday's close. Final quotations on May and July were 1.45 1/2 and 1.45 1/2, respectively. At the close prices were 2 1/2 lower than yesterday's.

Cash quotations were as follows: Flour was 1.45 1/2 for No. 1, 1.45 1/2 for No. 2, 1.45 1/2 for No. 3, 1.45 1/2 for No. 4, 1.45 1/2 for No. 5, 1.45 1/2 for No. 6, 1.45 1/2 for No. 7, 1.45 1/2 for No. 8, 1.45 1/2 for No. 9, 1.45 1/2 for No. 10, 1.45 1/2 for No. 11, 1.45 1/2 for No. 12, 1.45 1/2 for No. 13, 1.45 1/2 for No. 14, 1.45 1/2 for No. 15, 1.45 1/2 for No. 16, 1.45 1/2 for No. 17, 1.45 1/2 for No. 18, 1.45 1/2 for No. 19, 1.45 1/2 for No. 20, 1.45 1/2 for No. 21, 1.45 1/2 for No. 22, 1.45 1/2 for No. 23, 1.45 1/2 for No. 24, 1.45 1/2 for No. 25, 1.45 1/2 for No. 26, 1.45 1/2 for No. 27, 1.45 1/2 for No. 28, 1.45 1/2 for No. 29, 1.45 1/2 for No. 30, 1.45 1/2 for No. 31, 1.45 1/2 for No. 32, 1.45 1/2 for No. 33, 1.45 1/2 for No. 34, 1.45 1/2 for No. 35, 1.45 1/2 for No. 36, 1.45 1/2 for No. 37, 1.45 1/2 for No. 38, 1.45 1/2 for No. 39, 1.45 1/2 for No. 40, 1.45 1/2 for No. 41, 1.45 1/2 for No. 42, 1.45 1/2 for No. 43, 1.45 1/2 for No. 44, 1.45 1/2 for No. 45, 1.45 1/2 for No. 46, 1.45 1/2 for No. 47, 1.45 1/2 for No. 48, 1.45 1/2 for No. 49, 1.45 1/2 for No. 50, 1.45 1/2 for No. 51, 1.45 1/2 for No. 52, 1.45 1/2 for No. 53, 1.45 1/2 for No. 54, 1.45 1/2 for No. 55, 1.45 1/2 THE CITY IN BRIEF

Fine outlook for Good Roads!
NEWS AND BUSINESS.

Advertising the County.
The new Board of Supervisors has promised to aid the Chamber of Commerce in advertising the county more fully than in the past. It will give about \$2,000 for the Los Angeles exhibit at Seattle and a permanent exhibit at Atlantic City.

College Alumnae Meet.

The Los Angeles branch of the Association of College Alumnae met on Saturday at the Young Women's Christian Association building. Mrs. Andrew S. Lobinger presiding, in the absence of Mrs. Robert J. Eudette. Interesting addresses were made by Miss Perry of Seattle and Mrs. Seward A. Simpson. The next meeting of the association will be held in March.

G.A.R.-W.R.C. Installation.
A joint public installation of officers of Keweenaw Post, No. 106, G.A.R., and Keweenaw W.R.C., No. 23, will be held in L.O.O.P. Hall, No. 2209 Downey avenue, on Thursday evening. All veterans of the Civil War who wore either the blue or the gray, Ladies of the G.A.R. and W.R.C. sons and daughters of veterans, and their auxiliaries and veterans of the Spanish War are respectfully invited.

Federal Contract Here.
The contract has been awarded at Washington to the Fulton Engine Works of this city for furnishing two forty-two-inch balance valves for use in regulating the discharge from the Penstock communicating with the Roosevelt reservoir, Salt River irrigation project, Arizona. The contract price is \$7500 for material, \$10 a day for the engineer, and \$10 a day for the foreman. The valves are to be anchored at the rate of 4% cents per pound.

S. H. Mott Funeral.
The funeral of Stephen H. Mott will be held this morning at 10 o'clock at the residence of the late T. D. Mott, No. 810 South Union avenue. The active pallbearers are A. W. Ryan, H. H. Miner, Dr. W. H. Miller, George F. Spencer, C. Modini-Wood and Gen. M. H. Sherman. The honorary pallbearers are W. H. Workman, Maj. J. R. Toberman, Richard Garvey, I. N. Van Nuys, Kasper Cohn, William R. Rowland, James C. Cusner, Solomon Lazarus, William Ferguson, Richard Egan and Dr. J. S. Crawford. The burial will be in Rosedale cemetery.

Japan's Commerce.
An illustrated talk will be given this evening in Assembly Hall, Chamber of Commerce, by A. P. Griffith, who recently returned from a trip to Japan. He was one of the representatives of the local chamber on the excursion of the commercial organization of the Coast, which went to Japan. He was one of the business men of that country. Mr. Griffith brought home many pictures of Japanese life, which will be shown on the canvas, and he will speak especially of the commercial relations existing between the land of the Mikado and this country.

Will Push Highway Work.
Field work is to be actively prosecuted under the supervision of the County Highway Commission. The Supervisors yesterday granted the request of the commission for the appointment of the following men: Supervisors, Charles G. Kolster, Spencer V. Cortelyou, Charles A. Spears, at a monthly salary of \$125; on waiting list, G. R. Sumner and George A. Wright. Instrument men at \$3 a day, E. S. Bellman, George W. Jones, Albert Branchewitz, John L. Wright on waiting list; roadmen, at \$2.50 a day, Robert Haverstick, Edmond H. McGill, J. H. Drain, Walter Moore, Jr., W. W. Morgan and H. E. Palmer. The commission appointed an assistant engineer. With this force of men and the equipment of instruments purchased last week, the work advanced by the Supervisors last week, survey work will begin immediately. After the contours, grades and cross-sections are laid out, bids will be called for the construction of various sections.

BREVITIES.

To Let—Handsome fitted office and exhibit space or desk room, also basement, in premises occupied by new branch office of The Times at 511 S. Spring st.; splendid location; suitable for California products display and well adapted for headquarters of excursions, steamship or railroad agents, as well as mining exhibits. Established information bureau now conducting in connection. For particulars, rental and cost apply on premises, or to Manager's office in the Times Building.

Remember the slogan: "Buy and Boost Home Products." For daily reference, see page 9, Part II of The Times, containing list of wide-awake manufacturers, under the heading "Made in Southern California." You will find there are manufacturers of necessities at 100 prices here—manufacturers of things to eat and drink—things for the home, the factory, the office and the farm. Buy them! Try them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good!

Times' Cook Book No. 3 ready today, and until the edition is exhausted, is placed on sale at the largest, most elaborate and comprehensive cook book of the series issued by The Times. The 218 recipes for hot Spanish and Mexican dishes and the hygienic department are big features of the publication. The recipes, brought out by The Times' prize cooking contest, are generally from Southern California housewives and noted chefs. Price 25 cents, plus 1 cent additional. Address The Times, Los Angeles.

Did you get your books rightly started for the New Year? Are there difficulties? We can help you. Baker'sville Audit Company, 704 Auditorium building, Telephone 5.

W. T. Lewis, ex-president of Ewell Club, says: "I never knew what night and comfort glasses could afford until I had Dr. C. C. Logan, 415 S. Spring, to fit my eyes."

Thousands of andirons, fire sets, stoves, sparkguards, retailed at wholesale prices. J. W. Frey's Mantel House, cor. 12th and Los Angeles sts. Wooden Packing and Provision Company will give special low prices on choice meats this week, 129 S. Main. Natick House, all meats 25c, except

Sunday eve, chicken dinners, 35c. 21 meals \$5. Hart Bros. Props. Sample shoes for men, women and children at cut prices. Top floor, Bryson Bldg., 2nd and Spring. Lewis Single Binder straight 5-cent cigar is good quality all the time. Furs remodeled, D. Bonoff, 324 S. Bay. Artificial eyes, Delany's, 209 Spring.

LOCAL MEN SHOULD ATTEND.

Needed to Stir State Good Roads Association to Action at Coming Meeting.

The Good Roads Association of California meets at Sacramento the 18th inst. On the previous Saturday there will be a directors' meeting at San Francisco. C. D. Daggett of Pasadena, president of the association, and chairman of the County Highway Commission, is anxious to have a large delegation of Southern California business men attend the convention. Every commercial organization is entitled to send delegates for each 100 members. As this county has led the way in advancing good roads and in securing bonds for their construction, it is believed that local men will be the ones to initiate action in the North.

"One of the main objections to voting for good roads bonds is the matter of maintenance," said Mr. Daggett yesterday. "Our association is interested in legislation that will provide state appropriations for keeping highways in repair. We want to unite all the citizens of California in a movement to improve all the roads and to influence legislation that shall simplify the State laws governing them."

THEY SLING STATISTICS.

State Equalizers Want Rise of Assessments.

County Assessors Emphatic in Disagreement.

Meeting May Affect State Taxpayers.

The State Board of Equalization met in the office of the County Assessor yesterday. Eight assessors from as many counties in Southern California were present. Alexander Brown, chairman of the board, announced that the purpose of the meeting was to inform the assessors of a contemplated increase in the assessment rate to not less than 60 per cent. of the real value of property in all counties throughout the State. He gave as a reason for this move that the assessment rate levied against the railroads was 50 per cent. of their value, and it would be unfair to assess other property at a lower rate.

State Controller A. R. Nye presented figures showing that the present assessment rates in Southern California vary from 47 per cent. in Riverside county to 24 per cent. in Ventura county, and that the rate in Los Angeles county was 42 per cent. The assessors made a strenuous protest against any rise in assessment. There were cross charges of extravagance and mismanagement against both State and county governments. No definite agreement was reached and the meeting adjourned with the assessors dissatisfied and the members of the board firm in their determination to raise the assessment rate. They will hold another meeting in Fresno tomorrow.

The members of the board opened the session by telling what they were in favor of doing. The assessors asked for a lot of information and made numerous protests. All inquiries were answered by members of the board through object lessons, favorable to the ends they desired, and the meeting closed after they had given every one to understand that they had decided what to do and it was up to the assessors to join the procession.

Those present were: Alexander Brown, chairman, State Board of Equalization, Second District; J. Harry Scott, First District; R. E. Collins, Third District; Jeff McElaine, Fourth District; A. R. Nye, State Controller; T. M. Eby, secretary, State Board of Equalization; Fred Fuller, Assessor of Imperial county; W. M. Scott, Orange county; W. F. Montague, Riverside county; H. B. Wilson, San Bernardino county; H. M. Moulton, San Diego county; J. H. Hollister, San Luis Obispo county; T. D. Dawe, Santa Barbara county; J. A. Barry, Ventura county; and Ed W. Hopkins, Los Angeles county.

Chairman Brown opened the argument by reading an essay of about four thousand words on what the members of the board had decided to do and why it ought to be done. He explained that the Board of Equalization would never have had to take up this great burden of untangling the unequal assessment rates in the various counties, if a certain proposition included in an "amendment to provide for the separation of State and county taxation," had not been voted down at the last election.

There were a great many more words, but the only other point worthy of note was that the members of the board had reached the conclusion to establish a uniform assessment rate. In the same breath he added: "We are now assessing the Southern Pacific at the rate of 60 per cent. of its bonded value plus its present stock value, and it would be unfair to assess any other property at a lower rate. The assessment, he said, had been raised to at least 60 per cent. of the real value of the property."

State Controller Nye addressed the meeting on equality of assessment. He said that everywhere he went he found the idea prevalent that more taxes were paid by the city he was in than by any other section of the State. "There is a decided variation of percentages of assessment in relation to the appraised value of property in the counties of Southern California, however. Here are the figures which have been obtained by this board for the past two years, by comparing the assessment rolls with the probate appraisements, and, in some instances,

EGGS COMING BY EXPRESS.

Shipment of an Entire Carload Establishes Precedent in This Market.

The shipping to Los Angeles, from one of the States in the Middle West, of an entire carload of fresh eggs by express establishes a precedent. The express company's bill is a trifle more than \$700.

There are 400 cases in the car, containing 144,000 eggs, which are valued at \$6000. One carload is not enough to supply this city for a single day.

Commission men and brokers say that an egg famine is probable unless hens begin to take some interest in the matter in the next three weeks. A high authority states that prices may go as high as \$1 a dozen. There are less than a thousand cases of eggs in storage and these will be disposed of this week. Very few eastern fresh eggs are on the way here and storage stock cannot be obtained from the North or Middle West.

SPIRIT WORLD GIVEN SHOCK.

Spook Guide Is Tamed by Use of Phonograph.

Horrid Conspiracy Unfolded in Onion Atmosphere.

Mundane Mike Saved from Blackened Eyes.

While the police have been fussing around after burglars, an occult lady living on Maple avenue, has thwarted a dreadful conspiracy that involved inhabitants of two worlds.

She thwarted it with the aid of science. An ingenious soul named Mike has been set free from a danger and a murderous Swedish person, who is visiting here from another world, has been put under occult bonds to keep the peace, as it were.

The victim of the conspiracy was Mike. His other name is Donnelly. Mike is a frequent and admiring visitor at the spirit circles conducted by the occult lady on Maple avenue. But there were intervals when he was notably and unaccountably absent. After these absences, he always turned

DEATH SPARES BRIDE.

But Westlake Avenue Woman Sustains Brain Concussion in Fall from Street Car.

Mrs. Samuel W. Schenck, a bride of two weeks, who lives at No. 1309 Westlake avenue, last night fell from a Pico Heights car at Pico street and Westlake avenue, and sustained a laceration of the scalp and slight concussion of the brain.

Mrs. Schenck was taken to her home, and Dr. Quint, who was called to attend her, took six stitches to close the wound in her scalp. She was unconscious for two hours.

Two men who witnessed the accident say that Mrs. Schenck was alighting from the car when the conductor signaled the motorman to start.

POOR POLICY AGENT.

San Jose Insurance Man Arrested Here on Charge of Embezzling Premiums—Company Protested.

R. W. Jackson, agent of the Occidental Life Insurance Company at San Jose, was arrested yesterday afternoon at the request of Sheriff Langford. He is charged with embezzlement.

The complaint states that he collected premiums on policies, amounting to \$300, and then closed his office and disappeared. Detectives of the American Bonding Company traced him to this city and he was taken into custody as he entered the Equitable Savings Bank at First and Spring streets.

Jackson admitted his identity, but refused to make a statement. Sheriff Langford will arrive today, with a warrant for him. President Joseph Burkhardt of the insurance company says that his concern is protected by the agent's bonds.

BANKS SETTLE YEAR'S PLAN.

Changes Made in Directors and Officers.

Report That First National Loses Senator Flint.

American's President Will Relinquish Post.

The local banks are busy, these January days, electing boards of directors, and these boards are organizing by electing officers. The dividends declared are being paid and the amounts will vary but little from the usual semi-annual disbursement.

The year just past was one of the hardest on banks in the history of America. Here in Los Angeles the stringency was less felt than elsewhere in the country, but was sufficiently severe to tax the capacity as well as the patience of all bankers. They weathered the storm in a remarkable manner. The casualties are undeserving even of mention.

Los Angeles' commercial banks, when the strain came, were carrying

State Board of Equalization Giving Notice of Contemplated Assessment Increase. The board and assessors of eight Southern California counties in session yesterday. M. M. Moulton, standing, Assessor of San Diego county, is protesting against the charge of the equalizers that the various boards of supervisors are extravagant. In the right foreground is Assessor Ed W. Hopkins of this county.

special appraisements made by local bankers.

The State Controller then read the following table:

County	1907.	1908.
Los Angeles	39	42
San Bernardino	29	32
Riverside	42	47
Santa Barbara	33	41
Ventura	24	24
Alameda	40	50
San Francisco	41	42

"These figures may not be exactly

up looking penitently out of one good eye, and the other much blackened, and he smiled of jabs and shuddered at the mention of chain gangs.

On being gently taken to task, Mike said he didn't know how it was; he was awfully sorry, but he just couldn't help musing up other people's faces.

The state held a good many conferences on the subject, and it was finally decided that Mike must be afflicted with almost improper sort of spook as a guide.

As every one knows, each person in this life has an attendant spirit, who sneaks around on his trail. Sometimes these guides are little girls with very—almost suspiciously—squeaky voices and sometimes they are Indians, with marvelous and very strange grunts.

Sometimes these guide are altogether proper and indeed, quite adorable persons, but sometimes, as in the case of Mike's guide, they are just awful.

GETTING "WRONG STEER."

It was decided, in a vague way that Mike had some sort of evil spirit person, who was giving him literally the "wrong steer." They didn't know, at first, just what could be done about it.

Finally, it was decided to make a change right into the spirit world after the manner, and to this end the services of Little Silvia were called upon.

Little Silvia is the spirit guide of the lady who conducts the occult circles. She always makes her entrance just after the lights are turned down, and says in a falsetto voice: "How do folks; how is oo tonight?" Then she gives a coy little childish crow of glee.

Sometimes Silvia's breath smells marvelous of onions, but she is certainly one of the sweetest things in the spirit world.

One night when Mike showed up with an extra state of dejection and a very black eye, she all joined hands and sang, "Shall We Gather at the River?" Then Little Silvia appeared—that is, she didn't exactly appear, but her little spirit voice was heard.

As asthmatic lady, who comes regularly every circle night and weeps over the lover she swears she had once, suggested that they ask Little Silvia to gum shoe around in the spirit world awhile and try to find out who smelted the spirits was acting as Mike's guide.

The occult lady conducting the circle agreed to this and under the request of Little Silvia, who sweetly consented to undertake the detective work.

LITTLE HECTIC LAUGH.

The next hectic night, when they all joined hands and sang, "In the sweet By and By," with the lights turned very low, Little Silvia burst in again with a little hectic laugh.

Mike sat dejectedly in a corner. He was breathing very heavily and, when

EXPANDING. SNICKERSNEES AT LIBRAREE.

LID-LIFTING PROMISED BY INDIGNANT ATTENDANTS.

Director of Study and Research to Throw Bombshells at Next Hearing—Young Women Also Have Explosives to Offer—Limerick Writers May Face Limbo.

If Dr. C. J. K. Jones, director of study and research in the Los Angeles Public Library, has his way, the authors, auditors and publishers of divers and sundry parodies and limericks about the erudite doctor are to be haled before the Library Board and discredited.

Because some of the quips and quiddities that eighty very attractive and intelligent young women have embodied in verse have gained publicity, Dr. Jones thinks it outrageous and has so notified Librarian Lummis and President Dockweiler of the Library Board. Perhaps the charge will be less majestic.

There is a song familiar to all library attendants, the refrain of which, "I'm tired of living alone; I want a man of my own," antedates the coming of Rev. Dr. C. J. K. Jones, exclusive owner of all erudition in Southern California. As he is the only man who has been added to the library force without the usual process of suggestion from the feminine number the refrain is now changed to:

"Gee! I'm glad I'm all alone! I wouldn't have a man of my own."

C. J. K. Jones, D.D., D. of S. and R., and Lord High Keeper of the Diurnal Record of Sainthood and Tardiness, has written President Dockweiler demanding that the Library Board ferret out the persons guilty of making public the verses lampooning Dr. Jones, etc., and punishing them (the persons). Mr. Dockweiler, at whose home the tenth infantile voice has been but newly lifted in the evening greeting to a model papa, has been trying with Titanic courage to keep the lid on the library, which has been assailed by Librarian Lummis and the Library Board, but it seems that Dr. Jones, et cetera, knows everything, has written him to produce the evidence be-

from 50 to 45 per cent. of their deposits in the available cash fund. The strong ones rallied to the rescue of the one or two weaklings and all went safely through.

Today everything is on an even keel and waters in the financial seas are smooth and calm. Interest rates are back to normal figures and no banker asks more than 10 per cent. per annum net interest on ordinary loans. For large sums on the cream of business property, running for a considerable length of time, the rate is a little easier, and the general feeling is that the money market here is "soft."

The Southern Trust Company, a comparatively new institution, on the 5th inst. reflected the old board of directors, which in turn reflected the old officers.

In the Farmers and Merchants' National directorate one vacancy was caused by the recent death of Jacob Baruch and there may be an additional member added to the board. The wheel-horses in the great institution are not likely to be disturbed.

ANOTHER DIRECTOR, PERHAPS.

In the Citizens' National, things are running smoothly, and if there is any change it will be the adding of another director, quite probably E. L. Doherty.

The Equitable Savings Bank will today raise its capital stock to \$250,000. The additional stock will probably be taken by the present holders, who are, in the main, the directors. Only five shares are held by outsiders. Four-fifths of the new stock has been already subscribed by the board.

In the American National Bank, President W. F. Botsford will relinquish his place to M. J. Monnette, one of the vice-presidents, and Vice-President T. W. Phelps will also retire. Mr. Botsford will probably remain in the directorate. Mr. Phelps has been vice-president of the American Savings Bank since it was organized and will probably go to that institution as its practical head and manager.

SENATOR TO RETIRE?

There will be no change in the personnel of the First National Bank except to fill the vacancy in the directorate caused by the reported resignation of Senator Frank P. Flint, which is understood to have been in the hands of the board for six months.

Senator Flint stated some time ago, when asked about the resignation, "there's nothing in it," and bank officials would not confirm it yesterday. Last night, a report came from San Francisco to the effect that both Senator Perkins, director of the First National there, as well as Senator Flint here, will likely step out today.

I. W. Hellman, vice-president of the Wells-Fargo Nevada National

THE NEW SYDNEY FORD.

With a beautiful design embroidered in the center. She evolved the idea of making herself a waist of the handkerchiefs and the result was an elegant, an embroidered waist as you could buy for \$10. She used two of the large handkerchiefs for the sleeves and the smaller ones were ingeniously worked into the body of the waist.

News of the Shops.

If any Los Angeles housewife wants to fit up her kitchen with white enamelware today is the time to do it. Notice that one of the big department stores is advertising a sale of pans, bowls, basins and kettles at tempting prices.

I saw lovely etamine curtain fabrics Saturday at 15 cents a yard, done in charming designs over a soft ecru background. At this same downtown store was a large stock of art burials at 11 cents a yard or 19 cents if purchased by the bolt. It was in all colors and for the cross-stitch patterns now so much in vogue, is just the thing for pillow tops, screen covers, portieres and table or couch covers.

Have you some "sleepers"? You remember the "comfy" bed shoes made of velvet? Well, these are after the same style and sell at a few cents apiece in a corner drug store where I saw them displayed. They are made of the regular knit goods, like underwear, but the tops are turned over and faced with fleece down.

Have you seen the new paper vests for motorists? Made for both men and woman. Just the thing to slip on under your auto coat these keen, crisp coverings. They are cheap, warm and light.

Calendars and stationery are marked down to half the price asked before the holidays.

Shrewd Politicians?

If the saying that a woman has only to flatter a man long enough and strong enough he will turn the world topsy-turvy for her, then the cause of woman suffrage for California is made so far for Los Angeles. Women are concerned for what mortal man can resist a legislative luncheon when served so seductively by clever women who know the direct route to a man's heart?

Fads and Fancies.

Light gold thread is used as an added touch upon lace in some of the smartest evening gowns.

Evening frocks imported from Paris have the general lines of tea gowns more than anything else.

Black hats are, as always, good style, and most striking and successful hats of black and white are seen.

For the every-day suits of children there is no more satisfactory material than dark blue wool serge.

In evening gowns there is a definite preference for beads instead of spangles for glittering decorations.

There is now an absolute ban upon loose and wrinkled gloves; they must be tight, neat and closely buttoned.

Old blue is one of the latest dyes for afternoon toilettes, and it is made very effective with black embroidery.

It is a pretty fashion to add a frill of soft satin or very closely plaited chiffon to the lower edge of fur muffs.

While white fox is the especial favorite of the winter, the black and the pointed fox fur are also quite fashionable.

One of the most popular colors with fashionable women this winter seems to be purple in its almost innumerable shades.

WOMEN'S CLUBS.

City Problems.

City problems of a grave nature were brought to the attention of the women of the Elbel Club yesterday afternoon, when Dr. George H. Kress, Dr. Fitch E. Mattison and City Attorney Hewitt presented different phases for their consideration.

"Los Angeles in danger from an invasion of the bubonic plague," said Dr. Kress, "unless we rub out the rubbish heaps cleared away, and the pest spots cleaned up, and kept clean. The plague flourishes on just such conditions as we have existing in this city today, and as it is already on the Pacific Coast, it behooves this city to be up and doing."

Dr. Kress showed a number of pictures revealing the situation in many parts of Los Angeles. He made an earnest plea for a better disposition of the garbage, for incineration or reduction, instead of the present method of giving it to be fed to hogs.

The unclean conditions resulting from the removal of the garbage from the wagons of the city to those of the owners of the hogs were shown on stereoscopic slides, and described by the speaker. "Thirty-five thousand dollars or \$40,000 expended by the City Council in the proper disposal of this garbage would mean many thousands gained in the health of the people, and would without doubt save many valuable lives," said Dr. Kress.

The greater proportion of the milk consumed by people in Los Angeles, he declared, is dirty. He showed the sort of dairies from which much of the milk comes, and also pictured a model dairy. "The hundred thousand infants, under 1 year of age, die annually in the United States," he said, "and of this number 25,000 die from impure milk."

He showed the danger from the cattle infected with tuberculosis, a danger that, according to Dr. Kress, is at our very doors, because there is no city ordinance compelling cows to be subjected to the tuberculosis test.

"The law," he declared, "punishes the murder of an individual by a knife or other weapon, but no attention is paid by the law to the wholesale slaughter occasioned through the carelessness or indifference in a community."

Dr. Fitch E. Mattison, head of the California Health Commission, urged the women to take the matter of the city's health in their own hands. He advised them to get a central committee with representatives from each club to demand that the measures for public protection be adopted.

"Whenever men are in trouble," he said, "they instinctively turn to the women for help. It is the province of the women to safeguard the home, and what is the city but the larger home of us all? In my opinion, it is the fight of the home to have the garbage properly disposed of, the milk supply pure and the city kept clean."

After the physicians had stated the case of public health and sanitation, the City Attorney, Leslie Hewitt, took up the question of the charter amendment to be submitted to the vote of the people next month. He explained the most important of these amendments in detail, and briefly touched upon the significance of the others.

"If the city fathers have so much trouble attending to things," said a member of Elbel at the close of the afternoon's programme, "why not have a few city mothers to help them?" and the speakers approved the sentiment.

Birthday Party.

This afternoon the venerable President Emeritus of the Friday Morning Club and the Mother of Clubs in America will receive the yearly tribute paid her, in the celebration of her birthday at the Woman's Clubhouse.

Kindergarten Club.

The Los Angeles Kindergarten Club held its monthly meeting last Thursday at the Echo Park Clubhouse. Mrs. R. J. Waters, president of the District Federation of Women's Clubs, spoke a few words in greeting.

An address, illustrated by "Knights' Games," was given by Miss Belle Parsons of Upland. The story of the Rhineland was beautifully told by Miss Catherine Avery, with musical accompaniment by Miss Winona Hunter.

Mother's Congress Benefit.

"The Bible, An Essential Factor in the Training of Children," is the subject chosen by Judge Curtis D. Wilbur for a talk to be given Wednesday evening at Harvard Hall, under the auspices of the Twenty-fourth Street Child Study Circle. A small admission will be charged, the proceeds to go to the Emergency Committee of the Mothers' Congress.

BAPTIST ANNIVERSARY.

Sunday-school Interests Discussed
Yesterday and Workers' Greeting
Exchanged at Banquet.

The Sunday-school anniversary, in connection with the general convention now in session in the First Baptist Church, was held yesterday afternoon and evening.

Rev. J. Lewis Smith made an address on "Bible Study." Rev. L. A. Gould on "The Sunday-school and Missions." David P. Ward, Sunday-school missionary, addressed the boys and girls.

A banquet was held in the social rooms of the church at 5:30, at which a large number of Sunday-school workers surrounded the board. T. T. Woodruff acting as toastmaster.

Last night E. H. Horniston delivered an address in the interest of the American Baptist Publication Society, followed by Rev. P. S. Henson of Chicago.

Today three sessions of the ministers' conference will be held, the evening session taking the form of a symposium by laymen, on the subject, "The Viewpoint of the Pew." Melville Dozier, Leonard Merrill, Robert Williams and J. E. Elwell will make brief talks. The convention proper will assemble on Wednesday morning.

LINEMAN'S DEATH SUDDEN.

While at Work on Pole, His Neck Comes in Contact With Heavily Charged Wire.

William M. Campbell, an employe of the Los Angeles Gas and Electric Company, was electrocuted yesterday morning while working on a pole at Vermont avenue and West Ninth street. In straightening up from a stooping position his neck came in contact with a heavily-charged wire. Death resulted almost instantly.

The body was taken down from the pole by other linemen and sent to the morgue, where an inquest will be held today.

Campbell was 24 years old, unmarried, and lived at No. 118 East Fifth street.

Dr. Lyon's

36-in. Percale 10c yd.
Red, French blue, navy blue, gray and black. Neat figures and stripe patterns. A special line bought at a very special price; 15c percale to go at 10c a yard.

Bullock's
Broadway at Seventh
CALIFORNIA'S FINEST STORE.

January Patterns
—offer a little world of helps and suggestions to home dressmakers.
No patterns in the world are so economical of material, so easy to work, so original in design, as Ladies' Home Journal Patterns. At Bullock's. Get the Quarterly Style Book, 20c—a 15c pattern free.

Trousers—Today the Day

Every man should look to the main chance and buy one, two—yes, three or four pairs. As many as he needs.

Think of the good coats and vests at home with plenty of wear in them yet. Think of the trousers that are showing wear and need replacing.

Think of the new suits you can have, and at what little cost—\$1.95 or \$3.95. And the latter stands for some splendid \$7.50 values.

We've been planning this sale for some time. The values show the merit of fore-handness, for some leading trouser makers deliberately saved us line after line—their closing season lots—and let us have them at a mere fraction of worth. Many of our own regular lines included.

Lot 1—
\$1.95
—includes the best of \$3.50 trousers.
From leading makers they come to center the interest of men upon Bullock's Clothing Section as it hasn't been centered in months.
Trousers of worsted, velour, and cheviot, in modest gray tones, stripes of different sizes, swell pepper and salt effects.
Trousers built to fit and wear, and be the best of values at \$3.50.
Sale price today, \$1.95.

Lot 2—
\$3.95
Examples of highest grade tailoring.
Including a great line of our own \$5.00, \$6.50, \$7.00 and \$7.50 trousers from the best tailors in America.
Elegant stripe effects. Made from the best of pants materials. About 175 pairs, all told; and not a single pair should be left in the store Tuesday night—\$3.95.
Every man in Los Angeles should buy trousers today.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

EDISON OFFER NOW IS KNOWN.

GIVE QUARTER MILLION FOR LIGHTING PLANT.

Also Proposes Special Rate for City—Burglar Rife Cigar Store and Beheaded Man Looks Safe of Those Who Took Pity on His Misfortune—Air Line Directors.

Office of The Times, No. 25 S. Raymond Ave.
PASADENA, Jan. 12.—That the Edison Electric Company has offered the city approximately \$250,000 for the municipal lighting plant and agrees to furnish the city light at a 5-cent rate per kilowatt hour, was learned last night. Though the company officials made their proposition to the committee of the Council early yesterday morning, and the offer was discussed at a private meeting of the Council last night, no official announcement was given out.

At present the city has nearly \$247,000 in the municipal lighting plant and faces a bond issue for \$150,000 more.

THEFTS ROSE POLICE.

Chief of Police Favour has his men working both in Pasadena and Los Angeles in an effort to run down the men responsible for a number of robberies in this city.

Some time after the man in charge of the Coast cigar stand at the corner of Broadway and Colorado street closed his office, about midnight Sunday, a burglar entered and took from the slot machines and cash drawers \$50 in cash and a check for \$5.

Shortly after noon yesterday a man known by the name of E. C. Bartlett, who had been given shelter for the night about two weeks ago and later befriended by the E. C. Nay Company, who gave him temporary employment, noted the safe of that firm of \$100 and has not been seen since. Bartlett was left alone in the building, and the safe was at a time when the book-keeper left the safe unlocked.

SEEMS ASSURED.

That construction on the new "air line" between this city and Los Angeles will begin next summer was the statement made by Horace M. Dobbin last night shortly after he was elected president of the company. The others behind the project are: George H. Hayes, vice-president; E. J. Sheehan, secretary; and E. H. May, treasurer. The election took place yesterday at which time the last steps of incorporation were taken. At the meeting the right of way along the old cycleway, which includes six miles of prospective roadbed, extending from the junction with the Salt Lake Railroad in this city to the corner of Avenue 35 and Pasadena avenue in Los Angeles, was purchased from the old company with common stock in the new street car corporation. Sixteen acres of park of Sycamore Grove and the water rights of the Cycleway company in the Arroyo Seco went with the right of way.

President Dobbin said that it will be at least three months before the terminals of the new road will be located, but it is assured that the line will be well in the center of each city and approached by a private right of way. He hopes to make it possible to cut the running time between Pasadena and Los Angeles down to fifteen minutes.

At present there are fifty stockholders in the new company, all of them Pasadena people, and it is the desire of the officers that not a share of this stock be sold outside of the city.

PREFERS PASADENA.

There is nothing in a story current here yesterday to the effect that Rev. Malcolm J. McLeod, pastor of the Presbyterian Church, had been offered the charge of the First Baptist Church in New York City. It was denied last night by the pastor himself. The story grew out of the fact that Rev. McLeod stopped in New York for some time on his way home, and preached in the church there. Since his return to Pasadena his health is so much improved that it is highly improbable he would consider a change under any save vital inducements, said he.

"The report is not true. Why, the Brick Church has two pastors already, in fact three. Dr. Richards is the present and pastor. I preached there last summer, but only as a vacation supply. You can say that the Pasadena Presbyterian Church is good enough for me."

RAIN AGAIN.

Rain began shortly before 8 o'clock last night and fell, off and on, all night.

MINSTREL SHOW.

Plans are under way for the annual minstrel show at Hotel Maryland, Dr. Earl Prince, who so successfully conducted the one last year as interactor, having arranged to bring the show. He will be assisted by Ben Leslie, George Clark, Archie Rasey, Poer Gilliland and others.

Those who formed a party from the hotel to visit the Orpheum in Los Angeles last night were: Mr. and Mrs. F. J. Graves, Mr. and Mrs. E. A. Armstrong, Mr. and Mrs. E. J. Chamberlain, Mrs. J. H. Bixby, Jr., Mrs. D. M. Linnard, Poer Gilliland, Dr. Earl Prince, Ben Leslie, Edna Cooper, Miss Carrie Cooper, Mrs. Fowler, Miss Bowler, Miss Greenley, Mr. Porter, Miss Chapin, Miss Compton, LeRoy Linnard and Mr. Anderson.

ELECTS DIRECTORS.

At the annual meeting of the Overland Club last night these were elected as directors: Dr. F. C. E. Mattison, E. J. Sheehan, E. H. May, J. J. Black, H. E. Montgomery, E. E. Webster and Dr. Rudolph Schiffman.

GOLD FOR GOLDEN FRUIT.

E. R. Owens, Jr., manager of the Sierra Madre-Lamanda Citrus Association, reports the sale of the last of fifteen cars of oranges shipped East by his company for the holiday trade. The average price obtained was \$1.75 a box, 2.00 Lamanda. This is a record that has not been equaled by this company during the eight years it has been in business.

YOUNG MAN DIES.

Frederick J. Whelan, son of Mr. and Mrs. F. Whelan, died at the family residence, No. 245 South Holliston street, at 8 o'clock yesterday. He was nearly 20 years of age. Funeral services at 2 o'clock tomorrow afternoon from the chapel of Reynolds & Van Nuy Company. Burial will be in Mountain View cemetery.

HOTEL FESTIVITIES.

Many delightful social affairs are to be given in the near future at Hotel Green, including a card party in the green parlors of the west building this evening, and a merry salmon-fry party on Thursday evening for all the guests. Several other charming social functions are being arranged, including

DECLARES IT FORFEITED.

Santa Monica Council Cuts Off Los Angeles-Pacific Franchise.

SANTA MONICA, Jan. 11.—At the meeting of the Santa Monica City Council tonight, the franchise of the Los Angeles-Pacific Railroad was declared forfeited, by a vote of 5 to 2.

Another ordinance was adopted imposing a tax of \$350 a month for any railroad operating in the city of Santa Monica, not carrying baggage free. Any railway company carrying baggage free is to be exempt from the tax.

The ordinance also provides that there shall be seven stopping places by all cars from North Beach station to Pier avenue.

The railroad company, by way of retaliation, presented a bill for \$1000 for the filling in and improvements made at Bridge No. 1, near Front street.

The city of Santa Monica then turned about and ordered \$6000, which was deposited in the Bank of Sherman, (the L. A. P. Railway Company's bank), to be withdrawn, and so the merry railway war goes on.

The resignation of A. S. Reed, as Trustee, was accepted.

MINSTREL SHOW.

Rehearsals are being held for the C. D. minstrel show which will be given here in February under direction of Frank W. Balfour and Mrs. C. E. Hulse, with the following cast: Messrs. Guy Thompson, Leigh McLeod, Hills, Stemberger, Peddicord, E. J. Hulse, and his wife, and Dr. Willoughby Walling, a prominent physician of Chicago, and his wife are at the Green for an indefinite stay.

J. P. Litton, a wealthy New Yorker, and his wife have taken apartments for the season.

Mrs. C. P. Burbridge of New York and Miss Louise Keeler of St. Louis are at the hotel for a week, when they will leave for Japan.

Other arrivals include Mr. and Mrs. George H. Christy of Sewickley, Pa.; Mrs. J. Miller Brown of Los Angeles; George, Reeve and Helen R. Reeve of Newark, N. J.; Thomas L. Woodruff of Colima, Mex.; Mr. and Mrs. William W. Billings of Duluth, Minn.; and Miss Jessie E. Mauk of Norfolk, Va.

MUST CLOSE AT MIDNIGHT.

Ocean Park Trustees Unanimously Pass Ordinance and Venice Ship May Close Up.

VENICE, Sept. 11.—The largest congregation in the history of Ocean Park was assembled in the City Hall at 7 o'clock tonight. All interest was centered in what disposition the Trustees would make of the ordinance to close the beach at midnight.

This was scheduled to come up for final passage tonight. Not a vacant chair was to be found in the Council chamber proper, and the corridor leading to the chamber was packed with interested citizens.

After the clerk had read the ordinance, James Morley of the ship hotel, made a few remarks in his own behalf, and he was the only speaker. To the surprise of all, every one of the five Trustees voted for the passage of the ordinance. The applause which greeted the vote was deafening. It is rumored that the enforcement of the midnight closing rule will mean the end of the Venice ship hotel, which will give up their interest in the Ship Cabrio and that the ship will be closed.

Morley said tonight that he could not run the ship and make it pay by closing at 12 o'clock. When asked if he would give up the ship at once, he said, "I don't know what I will do yet. This action looks as if the people did not want me here, anyway."

He left the Council chamber much disgusted man. He stated positively that he had nothing whatever to do with the notorious "Brown" ball. G. L. Lewis, a graduate of the University of Illinois, was appointed City Engineer to take effect February 1, at a salary of \$150 per month.

The ordinance regulating the gas and electric rates was laid over for one week.

AVALON HEARS FROM SEA.

AXALON, Jan. 11.—The first wireless message from the steamer Hermosa was received here this afternoon while the vessel was crossing the channel for San Pedro. It was: "Zap lifted in channel; can hear your message very plainly." The equipment is one of the latest improved which has yet been installed by the United Wireless Telegraph Company.

GETS BIG SUM FOR TEN ACRES.

ORANGE GROVE OWNER SECURES HIGH PRICE.

Naval Orchard Sells for Fifteen Thousand Dollars—Fourteen Houses Either Built Recently or Still Under Construction in Genesha Park. China Approves High School Bonds.

POMONA, Jan. 11.—J. W. Gillespie has purchased of P. China the latter's ten-acre navel orange grove on West Orange Grove and Arroyo avenues, improved with a house and barn for a reported consideration of \$15,000. There is a good crop on the place, Charles F. Ruskin has bought of Jay J. White a lot at the northwest corner of Santa Antonio and Holt avenues, and will build a residence thereon. Augustus Howes, who is here from Montana, has bought a lot on Holt avenue in the Genesha Park tract, and Carroll Wilkins has also purchased one in the same tract on Hamilton and Laurel avenues. Frank Pierce has commenced the erection of a modern bungalow on one of the lots he recently bought in the tract. There are now fourteen new houses built or building there. The Edison Electric Company is starting to install electric service in the tract.

OVERWHELMING VOTE.

By the overwhelming vote of 255 to 28, the citizens of China voted \$40,000 for a new high school in the center of the town at the head of Sixth street. The building will be constructed along Franklin lines from plans prepared by the American Carroll Wilkins, who is the architect of the Pomona public library. The advance of China's Pomona Company is starting to install electric service in the tract.

The engagement of W. A. McCormick of the American Carroll Wilkins of this city and Miss Marjorie Kinney of the junior class of Pomona College is announced.

W. WEALTH COMES JUST IN TIME.

WINDFALL GLADDENS WIDOW AT LONG BEACH.

Just When She Reaches End of Resources and Begins to Despair She Is Notified That Several Thousand Dollars Are in Chicago Bank Subject to Her Order.

LONG BEACH, Jan. 11.—Mrs. Clara McAfee, living at No. 24 Walto Drive, and until now in very poor financial circumstances, received word today that the proceeds of a tract of land in New Jersey, amounting to several thousand dollars, were in a Chicago bank subject to her order. It appears that her late husband had invested in a syndicate which purchased this land some years ago, and had never told his wife. The inheritance comes at a time when Mrs. McAfee had reached the end of her resources and was beginning to despair of the future.

The attention of the local humane society has been called to the atrocious condition of amateur fishermen who, angry at catching sharks or other inedible fish, wantonly tear off a fin or slash the flesh, and throw the maimed creature alive back into the ocean.

ENGINEER BURNED.

Murray Paschall, nephew of Capt. Art Paschall and assistant engineer of the launch Eagle, was burned about the head and face today by an explosion of gasoline on the boat. Some improvements and repairs were being made to the engine when sparks flew into an open can of gasoline and the flames enveloped young Paschall. Other workmen promptly smothered the fire.

Cashier Norton of the National Bank of Long Beach, who is chairman of the Italian relief fund, has about \$100 on hand, which he will forward tomorrow to Los Angeles. The collection taken at St. Anthony's Catholic Church yesterday morning amounted to \$36. A summarized report of the Associated Charities made to the Council this morning shows that during the year over \$1000 in cash and \$4000 of clothing and provisions were distributed to the poor of the city, besides free water, gas, fuel and rent furnished in a number of cases. The City Council will be asked to resume its former appropriation of \$25 a month to the organization.

James W. Gillette, for twenty years a resident of Signal Hill, died last night. Deceased was a native of New York and was 88 years old.

James W. Gillette died this morning at his home on West 38th street. He was 56 years of age and a native of Scotland.

At a meeting of the stockholders of the Long Beach Savings and Trust Company these directors were elected: John Bixby, Fred H. Bixby, George H. Bixby, E. C. Dennis, T. L. DeCombes, J. A. Graves, P. E. Hatch, I. W. Hellman, George A. Newcomb, George Summers, William Schilling, C. H. Thornburg, C. F. Van de Water, F. C. Yeomans, J. W. Tucker.

The Salt Lake drawbridge is being painted black to protect the steel work from rusting by reason of the salt air. Trains will begin running over the bridge about the 20th inst.

OLD BARK SAILS.

Alden Basse Departs from San Pedro After Having Been Tied Up for Months by Disputes.

SAN PEDRO, Jan. 11.—The old bark Alden Basse, Capt. Davis, which has been tied up at the Salt Lake wharf at East San Pedro for many months, was towed outside this afternoon and set sail for Honolulu. Disputes among the owners and libel suits have kept the bark out of commission. On the present voyage her cargo consists of 100,000 brick and ten tons of merchandise samples. The latter will be used to promote trade interests between the Hawaiian Islands and Southern California wholesalers. J. H. Waddingham and J. D. Cameron, as agents for Los Angeles jobbers, went as passengers.

Fire, starting from a gas stove, destroyed the residence of S. A. Charles at the corner of Santa Cruz street and Grand avenue this afternoon. The loss is \$1000, covered by insurance.

BURBANK.

BURBANK, Jan. 11.—At a meeting of the directors of the Burbank State Bank it was found that during its short existence of only nine months, it had earned \$2500. A dividend of 5 per cent was declared and nearly \$200 was placed in the reserve fund. At the stockholders' meeting the officers and directors were re-elected with the exception that R. O. Church was made cashier instead of assistant.

Road Overseer Ludlow has finished putting a heavy coat of decomposed granite on Orange Grove avenue, between Second and Front streets. A. S. Robison and W. J. Ludlow are working hard for road overseer, for the coming four years. The contest will be decided by postal-card vote.

SAN DIMAS.

SAN DIMAS, July 10.—Never in the history of the orange industry has there been such a demand for trees.

EQUALIZERS.

(Continued From First Page.)

right, but they are a fair approximation," continued the controller. "You will note that the assessed value in the counties containing the three largest cities in the State, San Francisco, Los Angeles and Oakland, is about the same. Also that in other counties, especially those in Southern California, the assessments are away below the average."

FIRST PROTEST.

M. M. Moulton of San Diego county, entered a protest against the figures presented for San Diego county, which did not consider the fact that Imperial county had been created from a part of his county. This error was admitted by Controller Nye.

"The law is that the assessment should be 100 per cent of the real value," continued the Controller, "and we should come as near obeying the law as possible."

The argument has been presented that a raise of assessment will not result in a decrease of tax rate. It should, and the reason is that the line at the door of the various boards of supervisors. I wish to point out that the tax burden of the people of this State has been rapidly increased by the increased cost of county government and not by the State.

"In 1906 the cost of county government was \$17,000,000. Then it took the greatest jump ever recorded in the history of the State, and was \$20,000,000 in 1907. Last year there was another increase, and it cost \$22,500,000. Why? I can't undertake to say. Of course, there are new county roads and schools to consider, but there must be other reasons."

ONE HOT ONE.

Assessor Hopkins of Los Angeles county asked if the State board was ready to promise that the State tax rate would not be increased if the assessment rate was raised. This evidently touched a sore spot, for three members of the board tried to answer at once. Chairman Brown finally made himself heard.

"No, no! We can't promise that. There are new insane asylums to be built, additional prisons and many new things needed." There was a chorus of answers to this from the assessors, which could not be understood. They sounded like a combined "Huh!"

Assessor Hopkins then told the board that his assessment had been raised \$1,000,000 last year, but the tax rate had remained the same. Chairman Brown replied that it must have resulted from mismanagement on the part of the Board of Supervisors.

H. R. Wilson, Assessor of San Bernardino county, died a protest, saying that he had increased his assessment \$1,000,000, and that the tax rate remained unchanged.

OBJECTS TO SLUR.

Moulton of San Diego entered an objection to the charge that the county boards had been extravagant.

"We have raised the assessment in our county, but the tax rate still sticks. Next year we are going to vote on a bond issue for \$50,000,000, more or less—for good roads. The more or less part of it depends on the assessment. We need the roads and the assessment. If we increase we will vote for more than \$50,000,000 worth of bonds; if it is less, we will have to be satisfied with that much decrease. The Supervisors are not extravagant; it is a question of needed improvements."

Controller Nye headed by stating that the board would feel that a great work has been accomplished if it can raise the county's average assessment rate lower than 50 per cent, to that figure.

Assessor Hopkins demanded to know why the property in San Francisco was assessed at \$144,000,000 in the face of the fact that the city claimed to be in better condition than before the fire, when they were assessed \$100,000,000 in 1903, with a drop to \$102,000,000 in 1904. Chairman Brown made a long explanation. He said that the 1903 assessment was excessive, had been made in an attempt to equalize values and that the drop was a natural decrease.

SPRING SENSATION.

T. D. Dawe of Santa Barbara county sprang a sensation by asking if there was not some method to keep the State from grabbing so much money for roads, as it was never used for that purpose. He wanted the road work left to the counties.

Chairman Brown added to the excitement by admitting that the State road money was so used that it was practically a perversion of funds. Brown then gave another explanation of the assessment of the railroads, upon which the board bases its theory of raising the assessment of all property.

"We arrive at the assessed value of a railroad through a long and complex method," FANCY HAT. "There are many things to consider, but when it is all figured out, the assessed value equals about 4 per cent of the gross earnings of the road for the previous year. In 1907, after we had finished the assessment of the Southern Pacific and Santa Fe, we chanced to find a full street journal's estimate of their real value, which was made by an expert. We had often wanted to know how our assessment compared to that value, and we immediately investigated. This appraisal was made on the actual bonded indebtedness plus the actual value of the stock, and it showed our assessed value to be 60 per cent of the appraised value."

Assessor Hopkins asked if this was not a confession that the State Board had also violated the law by imposing an assessment of less than 100 per cent. Chairman Brown replied that he had obtained able opinions along this line and that there was no real value to railroad stock, it having only a speculative value. So that in reality the railroads were taxed 50 per cent of their real bonded value.

A question was raised about the assessment of a railroad on a wharf. It was decided that the road should be assessed by the State Board, and the part of the wharf not occupied by the railroad should be assessed by the county. Hopkins pointed out the difficulty of assessing property used partially for railroads and partially for private purposes, naming the Pacific Electric building.

DRAWING THE LINE.

"That comes under the question of what shall be included as operative and non-operative railroad property," said Chairman Brown. "We will hold another meeting here in the future to settle those questions. In this case there is a dispute line of separation. Every portion of the Pacific Electric building used for operative purposes is subject to State taxation. That which they rent to other people is non-operative, and subject to county taxation."

The subject of poll tax collection and the movement to give the County Assessor and Tax Collector a per cent for collections was brought up by Assessor Hopkins.

"We collected poll tax from two and one-half times more people than San Francisco did in 1908," said he. "In fact, we collected 800 more poll taxes than there were voters at the last election. More than the five other largest counties in the State combined, and we did not get any percentage."

All of the members of the board announced themselves as in favor of a law giving the Assessor and Tax Collector a percentage of the poll tax as an incentive to collect more.

After the members of the State Board voted the Assessors held a

Smile—You

Couldn't make a better investment. Doesn't cost you anything and you'll get big returns.

"It's easy to smile When life glides by Like a song; but the One worth while is the One who can smile When everything goes dead wrong."

You'd lots rather smile than frown. That has a pleasant surprise in the smile. I guess that's why everybody trades at the Big White Store. Smilingly yours, THE ARROW GIRL.

SACRED EDIFICES MARRED.—Jam-Eating Vandals Work Havoc in Broadway Christian and St. Mark's Episcopal Churches.

Vandals have turned their attention to sacred edifices in various parts of the city.

From the Broadway, Christian Church several hymn books and a number of card punches were taken and a box containing contributions for the Orphans' Home was broken open and robbed.

At St. Mark's Episcopal Church, Seventh street and Towne avenue, much damage was done. The new rector, Rev. Robert Repton, left three trunks and several valises in the guild

room. These were piled open and the contents scattered through the aisles of the church and in the pews. A small closet was broken open and two silver communion services thrown on the floor.

The vandals also distributed about rifles used by the boy's drill corps and with the bayonets, made holes in the walls. Then they smashed the poor box in the lobby of the church and, securing the rector's vestments, piled them up on the floor.

Before leaving, the intruders also made a hole in the wall of the cloister. This furnished the clue upon which the police are working.

WILSHIRE, Westlake or southwest property. See Alameda Bros., 49 South Broadway.

ARMY MAN, AND MASON SAVED.—Both Ready to Kill Themselves When Given Hope by Union Rescue Mission.

Again the Union Rescue Mission has extended a helping hand and saved the lives of two men, the first a deserter from the army, and the second, a mason who wandered far from his wife and children. Both intended to commit suicide.

Harry C. Wolf, who served in the General Hospital, at Washington, became disheartened at failure to gain promotion and deserted on Memorial Day of last year. He drifted West, and for two months has been employed at odd jobs in this city. Dur-

ing his wanderings the fear of capture has haunted him, and several times he was nearly taken, he said.

The strain told to such a degree that he had purchased morphine to end his life when he was attracted by the singing of a quartette at First and Los Angeles streets last Saturday night. He became interested in the confessions of faith of a number of the men gathered about the place, and finally decided to surrender to the army authorities, even at the cost of long imprisonment.

Sunday morning Wolf joined the band of worshippers, and at the service on Sunday and Saturday, he placed the story of his fall. He has sold most of his clothes and personal belongings, and placed the
